Advanced Cardiac Life Support 1997

Laboratory Experiments in the Social Sciences Murray Webster 2014-07-01 While there are many books available on statistical analysis of data from experiments, there is significantly less available on the design, development, and actual conduct of the experiments. Laboratory Experiments in the Social Sciences summarizes how to design and conduct scientifically sound experiments, be they from surveys, interviews, observations, or experimental methods. The book encompasses how to collect reliable data, the appropriate

uses of different methods, and how to avoid or resolve common problems in experimental research. Case study examples illustrate how multiple methods can be used to answer the same research questions and what kinds of outcome would result from each methodology. Sound data begins with effective data collection. This book will assist students and professionals alike in sociology, marketing, political science, anthropology, economics, and psychology. Provides a comprehensive summary of issues in social science experimentation, from ethics to design, management, and financing Offers "how-to" explanations of the problems and challenges faced by everyone involved in social science experiments Pays attention to both practical problems and to theoretical and philosophical arguments Defines commonalities and distinctions within and among experimental situations across the social sciences

The Cumulative Book Index 1988

Minnesota Statutes Annotated Minnesota 1946

Winter Games Pitches R. D. C. Evans 1994 Covering the establishment and care of grass for a wide variety of sports such as association football, rugby, hockey, lacrosse, the Gaelic games, American football and including facilities such as polo grounds, this work provides a comprehensive treatment of the subject. Divided into nine sections, a detailed introduction to the sports to be catered for is followed by sections on: pitch construction and design; sands for construction and top dressing; frost protection and soil warming; grasses for winter pitches; maintenance machinery; fertilizers for pitches; weeds, pests and diseases; and end of season renovation.
