automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation Many 2011-12

Amedee Gordini Roy Smith 2013-04-05 This is a story of excitement, laughs, astonishment and anger - a story of the determination of a man with a dream and a passion for motor racing in the big leagues. It is the first time that the history of the always under-financed Gordini racing team has been documented in English, and the first complete story of Gordini himself in any language. This volume will appeal to new enthusiasts and old hands of Formula 1 and sports prototype racing, especially those who have owned a Gordini-badged high-performance Renault road car. It charts Gordini's early life and beginnings in motorsport, up to 1969 when Renault took over the Gordini company, keeping his name on all the racing engines until 1986, before finally resurrecting it for a performance version of the Renault Twingo and Clio in 2009. The book is packed with evocative period images from important collections, supplementary transcripts in English from many contemporary interviews, plus recollections from former employees remembering their time working with

Gordini, and an exhaustive set of statistics. All the way it's a roller coaster of joy, despair, humour, and stunning images. The racing legend of 'Le Sorcier' lives on.
