Bengal Cats. Bengal Cat Owners Manual. Guide to Owning a Happy Bengal Cat. Steve Richardson 2015-02-20 A descendant of a regular domestic cat and the wild Asian Leopard cat, the Bengal breed of cat is one of the best breeds to keep as a pet. The fact that the breed has some level of wild blood does not in any way mean that it is wild. The modern Bengal cat turns out to have a sweet temperament while still maintaining the wild appearance of the Asian Leopard cat. Breeding programs in place have gone a long way in eliminating the wildness of the Asian Leopard cat, leading to development of a breed of cat similar to any other domestic cat, except for its unique characteristics. The large, muscular and attractive Bengal breed of cat is fast becoming very popular with cat lovers across the world. Its growing popularity definitely stems from the fact that it has a sweet temperament and is a very active breed. Apart from its affection and love for human company, this breed also has a very strong personality. Its love for water, which is indeed unique, continues to amaze those who own the cat for the first time. This is one breed of cat that suits almost everyone who loves cats because it bonds very well with all family members including children. The only category of people who may find this breed inappropriate are the elderly simply because of the cat's extreme level of activity. This book will teach you how to make your Bengal cat a happy cat.

The Diagnostic Manual for Cats – Dmc-I Jeannette Murray 2019-02-20 The Diagnostic Manual for Cats (DMC-I) is the only existing tool for understanding cat behavior. It will allow you to diagnose cat “issues” —an area of psychology sorely lacking—without dragging them to a cat psychiatrist and paying for analysis. If you’re a cat owner, the DMC-I will help relieve you of the guilt and worry you’re experiencing believing you’re the cause of your cat’s aberrant behaviors. You’ll learn that some behaviors, while deplorable and disgusting, are absolutely normal, while others, clinically speaking, are certifiably “whacko.” It will help you diagnose other people’s cats, too, which may or may not make you immensely popular at dinner parties and family gatherings. Whatever the case, with this manual, you’ll be the expert diagnostician of all types of cat behavior.

Korat Cats. Korat Cat Owners Manual. Korat Cat Care, Personality, Grooming, Health, Training, Costs and Feeding All Included Robert Ronderdale 2015-01-08 The Korat cat is not only one of the oldest natural domestic cat breeds; it is also a very unique breed. One prominent thing about the breed is certainly its appearance. Unlike most cat breeds whose heads are wedge-shaped, that of a Korat cat is heart-shaped. Indeed, most proud Korat cat owners point out that the Korat is the only cat with three hearts; one visible when the cat is viewed from the front, the other visible when the cat's head is viewed from above and the actual heart inside the cat's body. The other unique thing about Korat cat is its coat. A pure-bred Korat cat has a single coat with short hair that is very easy to groom. The hair is however unusual. All pre-bred Korats have hair in the same colour; silver-tipped blue. The Korat also happens to be one of the very few natural cat breeds whose traditional characteristics and behaviour have not been altered in any way through breeding programs. The uniqueness in this breed is one of reasons why many homeowners, families and cat lovers decide to buy the Korat cat. In addition to its uniqueness, the cat also has a very good character and temperament, which makes it one of the best indoor cats anyone can have at home as a pet. It is indeed not surprising that the breed's popularity that has remained low over the years is fast rising right across the world. I happen to have had parents who were very fond of cats, to a point where they kept different cat breeds at any given time. Our home was similar to a cattery. The experience of living with such diverse cat breeds, as I now realize, was very beneficial. Not only did I become fond of cats, I have gone a step further and ventured into breeding and showing cats. Ragdoll Cat Care David Jaxon 2020-12-03 Ragdoll cats make very good pets. You will never feel bored when living with a Ragdoll cat. It is a playful cat that engages you all the time. The Ragdoll cat is very good with children, with whom it develops a very strong bond because of its playful and calm nature. I happen to have had parents who were very fond of cats, to a point where they kept different cat breeds at any given time. Our home was similar to a cattery. The experience of living with such diverse cat breeds, as I now realize, was very beneficial. Not only did I become fond of cats, I have gone a step further and ventured into breeding and showing cats. Although I am fond of a few cat breeds because of their intelligence and attention that they seek and offer, the Ragdoll cat breed remains one of my favourites. Of all cat breeds that I have lived with and kept as pets, I have never come across a cat as expressive as the Ragdoll. Perhaps the joy of living with a Ragdoll cat is not only its beauty but also in its habit of collapsing in your hands as if it is lifeless. The person who gave it its name chose it cleverly to suit this cat.
