Basic Preparedness - FEMA

waves. Leave freezers and re-frigerators plugged in unless there is a risk of ? ooding. Gather your family and go if you are in-structed to evacuate immediately. Let others know where you are going. Leave early enough to avoid being trapped by severe weather. Follow recommended evacuation routes. Do not take shortcuts; they may be blocked.

8 and Cyclones Winds, Storms

the land breeze in Chapter 4. In summer, near the equator the land warms up faster and most of the time the temperature of the land is higher than that of water in the oceans. The air over the land gets heated and rises. This causes the winds to flow from the oceans towards the land. These are monsoon winds (Fig. 8.9).
