Something Funny Happened at the Library Rob Reid 2003 This is how storyteller, librarian, and all-around jokester Rob Reid opens his delightful new book, Something Funny Happened at the Library. Wouldn't it be great if kids came home from the library holding their sides, eager to pass on the funny things they heard in the library that day? According to Reid, the best way to get the attention of young people is to make them laugh. From easy-to-win-over preschoolers to unimpressed teens, this book will serve as your personal humor coach for even the toughest audiences out there. With tricks of the trade on how to warm up an audience, choose age-appropriate material, use facial and vocal expressions to lure them in, and select props, you're on your way to something very funny! Young children won't be able to hold in their giggles after such programs as "The World's Worst Ice-Cream Story," and intermediate school-age kids will love to take part in book theme parties in honor of Captain Underpants or such special celebrations as "Boo Ha-Ha!" Even those middle- and high-school students, once convinced to participate in "Comedy Club" (a program that combines reading and stand-up) or spoonerisms (a wordplay game), will be rolling in the aisles. To enrich all of these programs, Reid also includes a funny reader's theater script, tips on how to host lively library tours and school visits, and even rap songs that extol the virtues of reading and the library! A complete resource for getting children and young adults snickering and having fun in the stacks with innovative programming that uses humor, Something Funny helps you to connect with children and young adults and, along the way, make the library the hippest place in town!

Women in World History Anne Commire 1999 "Locating information on women is difficult and the editors have done a fine job assembling and publishing information extant on individual women from many nations both living and dead. Because in some cases only birth, marriage, children, and death dates are known, the 10,000 articles vary in length according to the subject. If you haven't been able to answer reference questions on women, you need this set."--"Outstanding Reference Sources," *American Libraries*, May 2001.

Motherhood and Single-Lone Parenting: A 21st Century Perspective Maki Matapanyane 2016-07-01 The 21st century sustains one significant commonality with the decades of the preceding century. The majority of individuals parenting on their own and heading one-parent families continue to be mothers. Even so, current trends in globalization (economic, political, cultural) along with technological advancement, shifts in political, economic and social policy, contemporary demographic shifts, changing trends in the labor sector linked to global economics, and developments in legislative and judicial output, all signify the distinctiveness of the current moment with regard to family patterns and social norms. Seeking to contribute to an existing body of literature focused on single motherhood and lone parenting in the 20th century, this collection explores and illuminates a more recent landscape of 21st century debates, policies and experiences surrounding single motherhood and one-parent headed families.

Unbending Gender Joan Williams 2001-09-13 In Unbending Gender, Joan Williams takes a hard look at the state of feminism in America. Concerned by what she finds--young women who flatly refuse to identify themselves as feminists and working-class and minority women who feel the movement hasn't addressed the issues that dominate their daily lives--she outlines a new vision of feminism that calls for workplaces focused on the needs of families and, in divorce cases, recognition of the value of family work and its impact on women's earning power. Williams shows that workplaces are designed around men's bodies and life patterns in ways that discriminate against women, and that the work/family system that results is terrible for men, worse for women, and worst of all for children. She proposes a set of practical policies and legal initiatives to reorganize the two realms of work in employment and households--so that men and women can lead healthier and more productive personal and work lives. Williams introduces a new 'reconstructive' feminism that places class, race, and gender conflicts among women at center stage. Her solution is an inclusive, family-friendly feminism that supports both mothers and fathers as caregivers and as workers.

Reader Response in Elementary Classrooms Nicholas J. Karolides 2020-03-09 Reading is a quest. Likened to an adventure -- both metaphoric and real -- the quest is a journey of discovery. The reader's search encompasses the sensations of the experience itself, accompanying emotions, sense and meaning engendered by the experience, and understandings of the self, others, and the world around. Out of curiosity, readers also search for an extensive array of information. The journey can be envisioned and contemplated again and again after the reading act itself is completed. In a meaningful way, the reader's quest and its discoveries are life enduring and life fulfilling. The purpose of this volume is two-fold: * to establish and explore the essential features of reader response theory and its rendering of the reading process, and * to acknowledge a philosophy of teaching and to illustrate teaching strategies to evoke and enhance readers' responses. Understanding the ways in which the reader affects the reading and how the reading happens will illuminate classroom pedagogy. This text establishes and explores the essential features of reader response theory and its rendering of the reading process. The essays acknowledge a philosophy of teaching and illustrate a spectrum of teaching strategies to evoke and enhance readers' responses, including whole and small-group discussion; story drama; readers' theatre; journal writing; scripts, letters, stories, and other writings; and "body punctuation." A case study format is used to illustrate these strategies in action in real classrooms.

Looking for Betty MacDonald Paula Becker 2017-05-01 Betty Bard MacDonald (1907–1958), the best-selling author of *The Egg and I* and the classic *Mrs. Piggle-Wiggle* children's books, burst onto the literary scene shortly after the end of World War II. Readers embraced her memoir of her years as a young bride operating a chicken ranch on Washington's Olympic Peninsula, and *The Egg and I* sold its first million copies in less than a year. The public was drawn to MacDonald's vivacity, her offbeat

humor, and her irreverent take on life. In 1947, the book was made into a movie starring Fred MacMurray and Claudette Colbert, and spawned a series of films featuring MacDonald's Ma and Pa Kettle characters. MacDonald followed up the success of *The Egg and I* with the creation of Mrs. Piggle-Wiggle, a magical woman who cures children of their bad habits, and with three additional memoirs: *The Plague and I* (chronicling her time in a tuberculosis sanitarium just outside Seattle), *Anybody Can Do Anything* (recounting her madcap attempts to find work during the Great Depression), and *Onions in the Stew* (about her life raising two teenage daughters on Vashon Island). Author Paula Becker was granted full access to Betty MacDonald's archives, including materials never before seen by any researcher. Looking for Betty MacDonald, a biography of this endearing Northwest storyteller, reveals the story behind the memoirs and the difference between the real Betty MacDonald and her literary persona. Doctor Dolittle op de maan Hugh Lofting 2019-10-25 Het kinderboek Doctor Dolittle op de Maan (1928) was bedoeld als slotstuk van Loftings grote Doctor Dolittle-serie. In tegenstelling tot de eerdere Dolittle-boeken zijn er geen subplots; er is een strakke verhaallijn die in een welhaast omineuze toon wordt verteld. Doctor Dolittle is geland op de maan en doet daar allerlei ontdekkingen. Ook ontmoet hij Otho Bludge de Maanman, een kunstenaar uit de Steentijd die op de maan is achtergebleven toen die van de aarde scheidde. Dolittle gaat om met maandieren en ontdekt hoe hij met intelligente maanplanten kan communiceren. Hugh Lofting (1886-1947) was een Britse schrijver die vooral bekend werd met de kinderboekenreeks over dokter John Dolittle, die met dieren kan praten. De reeks ontstond in de brieven die hij als frontsoldaat naar zijn kinderen stuurde om hen af te leiden van de verschrikkingen van de oorlog. Naast de Dolittle-reeks schreef Lofting diverse prentenboeken en poëziebundels voor kinderen. Hij schreef maar één werk voor volwassenen: een gedicht over de zinloosheid van oorlog.

De laatste zondeneter Francine Rivers 2013-12-17 Cadi verlangt wanhopig naar vergeving. Kan de zondeneter haar die schenken? In de negentiende eeuw kwamen er zondeneters voor in Engeland, Schotland en Amerika. De zondeneter - zo geloofde men - kon alle zonden op zich nemen van iemand die net overleden was, zodat de overledene in het hiernamaals geen schuld meer had. In ruil voor zijn diensten kreeg de zondeneter voedsel of geld. Hij leefde verstoten uit de gemeenschap, want het was levensgevaarlijk om contact te hebben met een man die zoveel zonden met zich meedroeg...De tienjarige Cadi ziet de zondeneter voor het eerst op de dag van haar grootmoeders begrafenis. Ze wil hem wanhopig graag ontmoeten, want ze heeft zijn hulp hard nodig. Het is immers haar schuld dat haar zusje is overleden. Misschien kan de zondeneter haar nu al van haar last bevrijden - en misschien zal haar moeder dan weer van haar houden...In het diepste geheim gaat Cadi op zoek naar de zondeneter. Daarbij wordt ze geholpen door Fagan, een robuuste veertienjarige jongen. Langzaam maar zeker komen Cadi en Fagan erachter dat zich in de vallei waar ze wonen een vreselijke geschiedenis heeft afgespeeld. En de zondeneter blijkt geen antwoord te hebben op hun vragen. Maar als hij Cadi geen vergeving kan schenken, wie dan wel?

Marjorie Main Michelle Vogel 2015-06-08 She was a slum mother, witty housekeeper, nosy neighbor, meddling maid, town gossip, and most memorably, Ma Kettle.

Marjorie Main is best remembered for her portrayal of the farm mother of 15 children and wife of shiftless Pa Kettle. The characters were introduced in the 1945 film The

Egg and I, and were such a hit that eight films followed. At an age when most actresses' careers are waning, Main's star was just beginning to rise. In real life, Main was as down to earth as characters she played. Her attire on the set and around her house were the same: a simple cotton house dress or jeans. She preferred riding the bus because she enjoyed interacting with regular people—the inspiration for her characters. This book chronicles Main's childhood on an Indiana farm and the inspirations that led her to the stage. After a distinguished theater career and minor film roles, at age 50 she was offered a long-term contract with premier studio MGM. Details of her acting career and personal life covered here include her marriage to a scholarly widower 26 years her senior, and her work with actor Percy Kilbride, who was the antithesis of his character, the slothful Pa Kettle. A detailed filmography includes cast and credit lists and trivia about each of Main's 85 films.
