EBOOK: Essentials of Investments: Global Edition Zvi Bodie 2013-01-16 Introducing... Essentials of Investments, 9th Global Edition, by Zvi Bodie, Alex Kane and Alan J. Marcus. We are pleased to present this Global Edition, which has been developed specifically to meet the needs of international investment students. A market leader in the field, this text emphasizes asset allocation while presenting the practical applications of investment theory without unnecessary mathematical detail. The ninth edition includes new coverage on the roots and fallout from the recent financial crisis and provides increased content on the changes in market structure and trading technology. Enhancements to this new Global Edition include: - New 'On the market front' boxes highlight important investment concepts in real world situations across the globe, to promote student thinking without taking a full case study approach. Topics include short-selling in Europe & Asia, credit default swaps and the debt crisis in Greece and include examples from Commerzbank, JP Morgan, Facebook, Coca-Cola, Santander, The European Energy Exchange, plus many more! - Revised worked examples illustrate problems using both real and fictional scenarios from across the world to help students develop their problem solving skills. Regional examples include Hutchinson Whampoa (Asia), The Emirates Group (The Middle East) and KLM Royal Dutch Airlines (The Netherlands). - Revised end-of chapter material includes brand new global questions and global internet exercises that feature currencies, companies and scenarios from Europe, Middle East, Africa and Asia to increase engagement for international students. - Global Edition of Connect Plus Finance, McGraw-Hill's web-based assignment and assessment platform with eBook access, helps students learn faster, study more efficiently, and retain more knowledge. This Global Edition has been adapted to meet the needs of courses outside of the United States and does not align with the instructor and student resources available with the US edition.

Essentials of Psychiatric Mental Health Nursing - E-Book Elizabeth M. Varcarolis 2020-07-16 A 2017 AJN Book of the Year Award winner, Essentials of Psychiatric Mental Health Nursing: A Communication Approach to Evidence Based Care, 4th Edition, offers the perfect balance of essential nursing interventions and clinical content. It incorporates a reader-friendly style, and an emphasis on therapeutic communication and evidence-based practice. Perfect for shorter psychiatric nursing courses, this streamlined psychiatric text includes need to know information and key DSM-5 content you need to pass your course and prepare for the NCLEX®. A neurobiology of the brain teaching tool provides a visual depiction of how the disorder affects brain function — and what drugs are used to treat it. Additionally, this new edition includes Giddens Concept boxes, Integrative Care boxes, updated clinical disorders chapters, and new use of nursing diagnosis language International Classification for Nursing Practice (ICNP) which smooths your transition into practice, as this is a common language shared with many electronic health record documentation systems Neurobiology of the brain feature provides a visual depiction on how the disorder affects brain function and what drugs are used to treat the disorder. Applying Evidence Based Practice boxes throughout the clinical chapters pose a question, walk you through the process of gathering evidence-based data from a variety of sources, and present a plan of care based on the evidence. Vignettes describing psychiatric patients and their disorders add more practical application to the chapter material. DSM-5 diagnostic criteria identify medical diagnostic criteria for most major disorders. Applying Critical Judgment introduces clinical situations in psychiatric nursing at the end of all chapters with thought provoking questions that engage critical thinking. NEW! Integrative Care boxes address alternative therapies to treat psychiatric illnesses. NEW! Giddens Concept boxes at the beginning of each chapter tie to the topics discussed in that chapter. UPDATED! Clinical disorders chapters such as Schizophrenia, Bipolar Disorders and Somatoform Disorders, and many others reflect the latest evidence-based research and practice. NEW! ICNP nursing diagnosis language smooths your transition into practice, as this is a common language shared with many electronic health record documentation systems. UPDATED! Cultural Considerations sections include more updated and relevant material, whenever possible in the clinical chapters, and address cultural considerations with various patients and appropriate care.
