Walter Dean Myers Mary Ellen Snodgrass 2015-01-24 Walter Dean Myers, preeminent author of teen fiction biography and verse, refines the image of black characters that are frequently trivialized or vilified in juvenile literature, advertising, television, and film. From his saga The Glory Field to his novel The Young Landlords, Myers's canon surveys the complex realm of the teen years as colliding settings in home, school, and the street. This volume introduces readers to both the writer and his work, with an emphasis on the characters, dates, events, motifs, and themes from the books. Myers's 101 A-to-Z entries offer concise, analytical discussion on all topics and include generous citations from primary and secondary sources. Each entry concludes with a selected bibliography on such subjects as segregation, Malcolm X, urbanism, writing, metafiction, drugs and alcohol, slavery, and the Vietnam War. Appendices offer a timeline of historical events in Myers's writings and forty topics for group or individual projects, oral analysis, background material, and theme development. A map of Harlem (where many of the stories are set), genealogical diagrams for characters, and an author chronology contribute to a comprehensive presentation.

The Dream Norman J. Mc Cullough Sr. 2012-08-09 The Dream; a Manual to Facilitate Group Mentoring and Prevent High School Drop-Outs for African-American, Hispanics, European-Americans and Others in Need of Positive Role Models in their lives is designed for individuals and groups who want to demonstrate their love for our youth in America and other locations throughout the world. The book, by way of its step-by-step and session-by-session presentation gives the reader the opportunity to make a difference in the lives of a group of young people. Although one-on-one mentoring is not discouraged, this book focuses on the benefits of group mentoring and it gives the reader the tools needed, including the *raison d'être* for the selection of a group mentor who can have a positive impact on 30-40 youth over a 5-8 week period of time. Especially during this time of concern about inappropriate behavior by adults, group mentoring can provide some protection because the emphasis is on group activities and not one-on-one contact. Moreover, given the events

surrounding the death of Trayvon Martin, it is clear that for some communities we are talking about life and death. Trayvon was a 17th year old black male killed in February 2012. The session on the Law provides a role play about the dos and don'ts when confronted by the police. The book discusses why group mentoring is needed, and the role of various parties in the group mentoring process. The role of the group mentor is key. The role of the family, mentors, media, God and others is discussed so that the reader has a clear understanding of how all the pieces must come together to develop and present a viable program. A train-the - group mentor program is also available upon request.

An Unpromising Hope Thomas R. Gaulke 2021-09-21 Written in a theopoetic key, this book challenges Christian reliance on the motif of promise, especially where promise is regarded as a prerequisite for the experience of hope. It pursues instead an unpromising hope available to the agnostic or belief-fluid members and leaders of faith communities. The book rejects any theological judgement about doubt and hopelessness being sinful. It also rejects any hope which is grounded in a sense of Christian supremacy. Chapter 1 focuses on Ernst Bloch's antifascist concept of utopian surplus, putting Bloch in conversation with queer theorist Jose Esteban Munoz and womanist theologian M. Shawn Copeland. Chapter 2 explores the saudadic and theopoetic hope of Rubem Alves. Chapter 3 turns to the womanist theologies of Delores Williams, Emilie Townes, and A. Elaine Brown Crawford. Finally, chapter 4 engages the post-colonial eschatology of Vitor Westhelle, framing hope as nearby in space, rather than nearby in time. Each chapter offers an unpromising hope that may be tapped into by those who wish to affirm belief-fluidity in their own communities, and by those who wish to speak of hope honestly, whether or not, at any given moment, they believe in God or in the promises of a god.

A Marked Man Matt Doeden 2013-02-01 February 21, 1965. Controversial civil rights leader Malcolm X is gunned down during a speech in Manhattan. Few were shocked by the news of Malcolm X's death. Since 1952 the former member of the Nation of Islam had supported the Nation's philosophy of violence as the method to achieve justice for blacks in the United States. But in March 1964, after a major shift in his philosophy, Malcolm changed his message. He no longer agreed with the Nation of Islam and feuded with its leaders.

He knew that someone would try to kill him. Nearly one year later, that time finally came. The 39-year-old was shot in public at point-blank range. The news devastated Malcolm's followers. But other people reacted with relief. Malcolm X had always been a lightning rod. Some had felt he did the civil rights movement more harm than good. Still others—including leaders of the Nation of Islam—reacted with joy. Malcolm X had become an inconvenience to them and now he was out of the way. Three men were found guilty of the murder. But rumors of conspiracy and cover-up still swirl. Who gave the order for Malcolm X's murder? Why did two of the convicted killers insist upon their innocence—even after being released from prison in the 1980s? In this chronicle of an assassination, find out the answers to these questions and learn more about the impact of Malcolm X's life, and his death, on civil rights in the United States.

Malcolm Little's parents have always told him that he can achieve anything, but from what he can tell, that's a pack of lies—after all, his father's been murdered, his mother's been taken away, and his dreams of becoming a lawyer have gotten him laughed out of school. There's no point in trying, he figures, and lured by the nightlife of Boston and New York, he escapes into a world of fancy suits, jazz, girls, and reefer. But Malcolm's efforts to leave the past behind lead him into increasingly dangerous territory. Deep down, he knows that the freedom he's found is only an illusion—and that he can't run forever. Seashells Rene Martin 2003-03-24 This book is the product of a long process of poetic evolution. The oldest poem was written more than a quarter century ago; the most recent, mere weeks ago. The book is divided into six sections. Part 1, entitled The Poet, contains the most personal and introspective poems of the collection. Part 2, The Caribbean Homeland, addresses experiences and themes derived from Trinidad, the land of my birth. Part 3, the most extensive, is entitled The North American Experience, and the poems are outgrowths of my experiences in the US which span a period of twenty-eight years. Part four is entitled The Human Condition. The title, I believe, is self-explanatory. Part five, entitled On A Lighter Note, contains half a dozen poems which rely for their effect on humor and refuse to take themselves too seriously. Part six contains ten Haiku, none of which deals with Caribbean themes, unlike the three I include in part two.

Voices in the Wilderness John L. Thomas Jr. 2018-01-30 FINALLY, a scholarly description of the development of Black preaching in the United States that is accessible to the average reader, but also contributes to the academic conversation about both style and theological content. Written from the perspective of a seasoned practitioner and tenured practical theologian, Thomas surveys Black preaching as it has responded to various social and historical time periods. Starting with the brutality of chattel slavery, early formations in segregated Southern life, rapid migration to and urbanization in Northern cities, and various events throughout the post-civil rights era, the book gives convincing details and examples of how the Black preacher helped to guide and sustain the masses of African American people through the wilderness of social change. At the heart of the book, three prime examples are presented as models of the real "genius" of Black preaching. The reader will never again think about Reverend Martin Luther King Jr., Malcolm X, and the Reverend Jesse Jackson in the same way. A special chapter is devoted to the contributions of Black women preachers along with a closing chapter that makes new proposals for the future. The book is a provocative and critical analysis of why Black preaching still matters.

The Life and Death of Malcolm X Andrew Vietze 2017-12-15 Few national figures have been as divisive as Malcolm X. Many revered the famous civil rights leader as a voice for equality and justice, many others saw him as a violent firebrand. This page-turning biography reveals how a man born Malcolm Little, harassed by white supremacists as a boy, fell into a life of crime. He emerged from prison as a convert of the Nation of Islam with the adopted name of Malcolm X. In stark contrast to the nonviolent teachings of Martin Luther King Jr., Malcolm X advocated the end of racism "by any means necessary."

Biographical Supplement and Index David M. P. Freund 1997-04-24 The 10 volumes of The Young Oxford History of African Americans describe how black Americans shaped and changed the history of this nation. Starting in 1502, more than a century before the day in 1619 when 19 Africans stepped off a Dutch ship in Jamestown, Virginia, the series ends with the relationship between West Indian immigrants and African Americans in large cities like New York in the late 20th century. This ready reference provides the perfect ending to a comprehensive history of African Americans. Included are the master index for the series and an extensive list of historic sites and museums related to the history of African Americans. The bulk of the volume, however, contains the personal histories of many of the people who appear in the previous 10 volumes. Each biography takes a close look at the famous and the lesser-known, revealing the backgrounds, experiences, and contributions of African Americans who were involved in the key events in American history. In addition to well-known facts, the biographies include much here that will surprise and fascinate readers. Muhammad Ali's brash and playful public persona earned him the nickname the "Louisville Lip"; Bill Cosby got his start while working in a Philadelphia coffee-house; and Madam C. J. Walker owned a mail-order and beauty school company that became one of the most profitable independently-owned businesses in the country around 1910. The portraits are as varied as the history itself, setting former slaves next to committed civil rights workers, prize-winning poets next to successful politicians. Volume 11 of The Young Oxford History of African Americans completes the fascinating and compelling story of nearly five centuries of African-American history. It is an exceptional resource for young adults and all who value the remarkable accomplishments of African Americans.

The Life and Times of Elijah Muhammad Claude Andrew Clegg III 2014-09-02 Elijah Muhammad (1897-1975) was one of the most significant and controversial black leaders of the twentieth century. His followers called him the Messenger of Allah, while his critics labeled him a teacher of hate. Southern by birth, Muhammad moved north, eventually serving as the influential head of the Nation of Islam for over forty years. Claude Clegg III not only chronicles Muhammad's life, but also examines the history of American black

nationalists and the relationship between Islam and the African American experience. In this authoritative biography, which also covers half a century of the evolution of the Nation of Islam, Clegg charts Muhammad's early life, his brush with Jim Crow in the South, his rise to leadership of the Nation of Islam, and his tumultuous relationship with Malcolm X. Clegg is the first biographer to weave together speeches and published works by Muhammad, as well as delving into declassified government documents, insider accounts, audio and video records, and interviews, producing the definitive account of an extraordinary man and his legacy.
