Official (ISC)2® Guide to the CAP® CBK®, Second Edition Patrick D. Howard 2016-04-19 Significant developments since the publication of its bestselling predecessor, Building and Implementing a Security Certification and Accreditation Program, warrant an updated text as well as an updated title. Reflecting recent updates to the Certified Authorization Professional (CAP®) Common Body of Knowledge (CBK®) and NIST SP 800-37, the Official (ISC)2® Guide to the CAP® CBK®, Second Edition provides readers with the tools to effectively secure their IT systems via standard, repeatable processes. Derived from the author's decades of experience, including time as the CISO for the Nuclear Regulatory Commission, the Department of Housing and Urban Development, and the National Science Foundation's Antarctic Support Contract, the book describes what it takes to build a system security authorization program at the organizational level in both public and private organizations. It analyzes the full

range of system security authorization (formerly C&A) processes and explains how they interrelate. Outlining a user-friendly approach for top-down implementation of IT security, the book: Details an approach that simplifies the authorization process, yet still satisfies current federal government criteria Explains how to combine disparate processes into a unified risk management methodology Covers all the topics included in the Certified Authorization Professional (CAP®) Common Body of Knowledge (CBK®) Examines U.S. federal polices, including DITSCAP, NIACAP, CNSS, NIAP, DoD 8500.1 and 8500.2, and NIST FIPS Reviews the tasks involved in certifying and accrediting U.S. government information systems Chapters 1 through 7 describe each of the domains of the (ISC)2® CAP® CBK®. This is followed by a case study on the establishment of a successful system authorization program in a major U.S. government department. The final chapter considers the future of system authorization. The book's appendices include a collection of helpful samples and additional information to provide you with the tools to effectively secure your IT systems.

Complete Revision Guide for MRCOG Part 2 Justin C. Konje 2019-12-17 The examination for Membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) remains one of the most internationally recognised postgraduate examinations in the specialty. Over the years, the examination has evolved in keeping with changes in medical education; the Part 2 examination now consists of two papers made up of Single Best Answer (SBA) questions and Extended Matching Questions (EMQ). This invaluable resource consists of 400 SBA questions (200 in Obstetrics and 200 in Gynaecology), followed by 400 EMQs (200 in Obstetrics and 200 in Gynaecology), grouped into papers, to provide enough material to guide preparations and to give some practice experience of the examination formats. All the questions have answers with explanations and sources of evidence. In preparing for the examination, candidates should make repeated references to these sources of evidence. There is also general advice on how to prepare for the examination and discussion of the reasons why trainees fail the examination.
