A New Reference Grammar of Modern Spanish, 4th Edition John Butt 2014-02-04 This text provides a comprehensive guide to the forms and structures of the Spanish spoken and written in Spain and Latin America. Examples have been introduced, drawing on contemporary Spanish and Latin American usage. Mapping Latin America Jordana Dym 2011-12-01 For many, a map is nothing more than a tool used to determine the location or distribution of something—a country, a city, or a natural resource. But maps reveal much more: to really read a map means to examine what it shows and what it doesn't, and to ask who made it, why, and for whom. The contributors to this new volume ask these sorts of questions about maps of Latin America, and in doing so illuminate the ways cartography has helped to shape this region from the Rio Grande to Patagonia. In Mapping Latin America,Jordana Dym and Karl Offen bring together scholars from a wide range of disciplines to examine and interpret more than five centuries of Latin American maps.Individual chapters take on maps of every size and scale and from a wide variety of mapmakers—from the hand-drawn maps of Native Americans, to those by famed explorers such as Alexander von Humboldt, to those produced in today's newspapers and magazines for the general public. The maps collected here, and the interpretations that accompany them, provide an excellent source to help readers better understand how Latin American countries, regions, provinces, and municipalities came to be defined, measured, organized, occupied, settled, disputed, and understood—that is, how they came to have specific meanings to specific people at specific moments in time. The first book to deal with the broad sweep of mapping activities across Latin America, this lavishly illustrated volume will be required reading for students and scholars of geography and Latin American history, and anyone interested in understanding the significance of maps in human cultures and societies.

Exploring the Role of Morphology in the Evolution of Spanish Joel Rini 1999-11-15 After a brief survey of the perception of morphological change in the standard works of the Hispanic tradition in the 20th century, the author first attempts to refine concepts such as analogy, leveling, blending, contamination, etc. as they have been applied to Spanish. He then revisits difficult problems of Spanish historical grammar and explores the extent to which various types of morphological processes may have operated in a given change. Selected problems are examined in light of abundant textual evidence. Some include: the resistance to change of Sp. dormir 'to sleep', morir 'to die', the vocalic sequence /ee/, the reduction of the OSp. verbal suffixes -ades, -edes, -ides, -odes, and the uncertain origin of Sp. eres 'you are'. Important notions such as the directionality of leveling, phonological vs. morphological change in the nominal and verbal paradigms, the morphological spread of sound change, and the role of morphological factors in apparent syntactic change are discussed.

Teaching Spanish, My Way Dee L. Eldredge 2014-05-02 Professor Dee L. Eldredge's Teaching Spanish, My Way is a treasure trove of information and a resource manual of over 370 pages to aid Spanish teachers / professors in their efforts to help students learn Spanish. It contains the author's philosophy of teaching; suggestions for course and class preparation; principles of teaching that he follows; general linguistic, syntax, lexical, phonetic, and morphological explanations; Spanish language rules; Spanish historical, cultural, and geographical information; handouts that have been used a lot by the professor; and cards that have been utilized with great success to teach Spanish, especially at the beginning of classes. Would you like to read information about how to take charge of a class and more about the responsibilities of a teacher? Chapter 1 of the book gives the reader the author's philosophy of teaching and much information on his perspectives relating to a teacher's responsibilities. Topics such as being in charge of the class, being prepared for everything, grading practices, using time efficiently during class, presenting grammar, implementing oral drills, students speaking as much Spanish as possible during the class and before / after class with the teacher, being courteous, and others will help you be a better teacher / professor. Would you like to be better organized and run your classes more smoothly? Chapter 2 details many subjects important to course organization, class preparation, and class instruction. As part of course organization, syllabuses, schedule of classes, handouts, marking up textbooks, folders, copies, tests, and examining classrooms are discussed. Appertaining to class preparation, planning of the activities for the next class, grading, recording and placing papers in folders, handouts, and tests are explained. Concerning class instruction and activities, the following topics are presented: directing a class, starting a class, reviewing homework, asking questions, presenting new grammar, practicing new grammar, presenting new homework, reading, using handouts, giving tests/exams, grading and reviewing tests, and ending class. Would you like to have some excellent rules that would help you teach your classes more suitably? Chapter 3 lists the many rules that the author follows in teaching his classes. Some deal with the interaction with students, others with the organization of the classroom, others with the preparation of classes, and others with the way he organizes everything. Would you like to have explanations of grammar and linguistics that very much help you teach more competently? Chapter 4, which is by far the longest, gives explanations of many items in linguistics that can greatly aid Spanish teachers---such as synthetic and analytic languages; declensions; syntactical notation; thematic relations and relators; complementation; arguments; vocalic and consonantal languages; adverbials; markers; a sentence; moods; voices; raising; pro-forms; noun phrases; cases with pronouns; pronouns after prepositions; clitics; léismo, laísmo, and loísmo; relative pronouns; clitic doubling; determiners; homonyms; verb phrases; verbal complementation; verbal particles; verbal aspect; verb forms; the English "dummy it"; usage comparison of auxiliary verbs in English and Spanish; prepositional phrases; prepositional complementation; modifiers; position of modifier adjectives; conjunctions; multiple meanings of English and Spanish verbs and other words; affirmative and negative words; question words; false cognates; Spanish and English verb problems; the silent h and u; juncture; phonemes; diphthongs; phonetic stress; vowels and consonants; representatives of sounds; spelling problems; cognates; and usage of linguistics in the classroom. This chapter aids the teacher to deliver the whys and wherefores to many grammatical problems—as for example, why the h became silent in Spanish, where the name California came from, and why the Spanish chose habla

Clinical Assessment of Malingering and Deception, Fourth Edition Richard Rogers 2020-05-28 Widely used by practitioners, researchers, and students--and now thoroughly revised with 70% new material--this is the most authoritative, comprehensive book on malingering and other response styles. Leading experts translate state-of-the-art research into clear, usable strategies for detecting intentional distortions in a wide range of psychological and psychiatric evaluation contexts, including forensic settings. The book examines dissimulation across multiple domains: mental disorders, cognitive impairments, and medical complaints. It describes and critically evaluates evidence-based applications of multiscale inventories, other psychological measures, and specialized methods. Applications are discussed for specific populations, such as sex offenders, children and adolescents, and law enforcement personnel. New to This Edition \*Many new authors and topics. \*Thoroughly updated with current data, research methods, and assessment strategies. \*Chapters on neuropsychological models, culturally competent assessments, psychopathy, and conversion disorder. \*Chapters on psychological testing in child custody cases and in personnel selection/hiring.
